

# HUNT FOR SANTA FE TRAIN WRECKERS IN OLD MEXICO

Company Determined to Get  
Kansas Criminals.

ONE OF THE GUILTY MEN  
HAS GONE TO PHILIPPINES

Aitchison Detectives Working Hard  
to Get Manager Hurley's  
\$5,000 Reward.

Kansas City, Mo., Nov. 24.—Edward Price, a secret service detective in the employ of the Aitchison, Topeka and Santa Fe, and Matt Kenney, a city detective, have gone to Old Mexico to bring back a man arrested there and charged with being implicated in the wrecking of a Santa Fe passenger train last May near El Paso, Kan., in which six persons were injured, one of whom James Hanger, an old soldier from Fort Leavenworth, died the next day. Chief Hanger and Inspector Halpin last night refused to talk about the case, but it is said another wrecker has been traced to the Philippines and that Detective Kenney will go there to get him when he returns from Old Mexico. J. E. Hurley, general manager of the Santa Fe, has offered a reward of \$5,000 for the arrest and conviction of the guilty persons.

The wreck occurred a mile east of Emporia, the morning of May 14. Evidence was found indicating that a woman and three men were responsible for it, and Santa Fe officials and detectives have worked on the theory that the three men were ex-employees seeking revenge because they had been discharged. Near the scene of the wreck, in a pool of water, were found a track wrench and crowbar that had been stolen from a nearby section tool house. The spikes and fishplates of two rails on the inside of a curve had been removed.

Detective Kenney left Kansas City last Wednesday night. Chief Hayes refused to say last night where Kenney went.

**BALDWIN WORKS WILL  
NOT BE MOVED WEST**

A report telegraphed from Philadelphia that the Baldwin Locomotive Works were about to be removed from that place to the middle west, possibly to Kansas City, is declared to be without foundation.

The Business Men's League of St. Louis took up the matter as soon as the report appeared and telegraphed John R. Converse, of the Baldwin company, that if the plant was to be removed from Philadelphia St. Louis would offer inducements for it to be located there. Mr. Converse informed the league that the Baldwin plant will remain in Philadelphia and that there had been no intention whatever of moving the works.

**BURLINGTON RECOGNIZES  
ENGINEERS' BROTHERHOOD**

Chicago, Nov. 24.—The management of the Burlington railroad, after many years of opposition, has recognized the Brotherhood of Locomotive Engineers and has signed the first wage scale with that organization since the great strike of the engineers in 1885. Heretofore all wage scales for the engineers on Burlington have been promulgated over the signatures of the railroad's managers, the Brotherhood having no option in the matter of acceptance. This time the schedule was signed by the officers and by the members of the general committee of the Brotherhood after a three weeks' conference.

The hostility of the Burlington road to the Brotherhood was the result of the engineers' strike of 1893, when 1,400 men deserted their engines. Paul Morton, then in the Burlington service, had charge of the strike for the railroad and won the most stubborn battle in the history of the Brotherhood.

Several months ago word was sent forth that the engineers employed by the Burlington could openly join the Brotherhood if they so desired. Since that time fully 70 per cent of them have become members of the organization.

**"A WISE WOMAN" MAKES BIG  
HIT WITH CROWD AT  
ELKS' THEATER**

A large audience saw the George Samuels company last night in the opera house in their production of "A Wise Woman." The play made a big hit and the fact that Mr. Samuels is greeting full houses again after being in the city so recently, shows that his plays have found Albuquerquean amusement seekers in the right spot. Applause last night was frequent and prolonged and none but favorable comments were heard from those who attended the performance.

The cast of characters last night was as follows:

John Davis.....Henry J. Jackson  
Tom Elane.....Gen. H. Conner  
Gustave Puder.....Fred Manley  
Daniel Webster White.....J. W. Clifford  
James Jones.....H. L. Morton  
Neil Brown.....H. L. Morton  
Julius Bottom.....H. L. Morton  
Samuel Hicks.....Granville Hill  
Constance.....Bert Stoops  
Lillian Tussell.....Mildred Eddy  
Augusta.....Mildred Eddy  
Catherine Davis.....Jessie Brink  
Beatrice Jones.....Beverly Winn  
Bill Miller.....Rudie Dokes  
By Himself.....By Himself

No one should by any means allow himself or herself to be so unwise as to stay away from the Elks Opera house tonight, as the play, "The Man From Mexico," will be put on. This attraction has always proved most popular in this part of the country, and it is said the costumes tonight will be splendid and the scenery unequalled.

# ENGINEERS ON SOUTH END GET A SMALL RAISE IN WAGES

Topeka, Nov. 24.—The Santa Fe system proper, through J. E. Hurley, general manager, has allowed locomotive passenger engineers on the division between Albuquerque and El Paso an increase in wages. Their pay heretofore has been \$3.45 to \$3.75 per hundred miles according to the class of engines handled. The new rates are \$3.75 and \$3.90, being the same as on the division between La Junta and Raton. The engineers, except those in the passenger service, are relieved from filling grease cups. The demand for an increase of pay for freight engineers on the New Mexico division was rejected by General Manager Hurley. This is the result of a two days' conference between the members of the locomotive engineers' grievance committee and Mr. Hurley.

# STAGE COACH ROLLS DOWN STEEP BANK WITH PASSENGERS

Roosevelt, Nev., Nov. 24.—News has just reached the damsite camp that a vehicle, of one of the transportation companies plying between the dam and Mesa was overturned at noon between Mormon Flat and Fish Creek hill, and several of the passengers were seriously injured. There was some sort of a traveling theatrical troupe on the vehicle, the report states, and it is added that many were injured in the accident. Details are lacking. A message was sent to Roosevelt for Dr. Palmer to come and attend the injured, and it was thus the news reached here.

The road between Mormon Flat and Fish Creek hill varies in height from several hundred feet to 3,000 feet. Some places the road is on precipitous hills and at others it slopes. The accident must have occurred on one of the slopes, as to go over the face of any of the cliffs would have meant instant death to the entire party.
